The Board of Directors confirms that the material presented herein contains comprehensive and reliable information on the Company’s compliance with the principles and recommendations of the Corporate Governance Code for the 2021 reporting year.

N	Corporate governance principles	Corporate governance principle compliance criteria	Status <1> of conformity with the corporate governance principle	Explanations <2> of deviation from the assessment criteria of compliance with the corporate governance principle
1.1	The Company shall ensure equal and fair treatment of all shareholders when they exercise their right to participate in the Company’s governance.			
1.1.1	The Company should create the most favourable conditions for its shareholders to enable them to participate in the general meeting and to develop informed positions on issues on its agenda, as well as to provide them with the opportunity to coordinate their actions and express their opinions on issues being discussed.	1. The Company provides an easy-to-access way to communicate with the community, such as a hotline, email or Internet forum that enables shareholders to express their opinion and to put forward issues for the agenda pending preparation for the General Meeting. These ways of communication were arranged by the company and made available to the shareholders during preparation for each General Meeting held in the reporting period.	<ul style="list-style-type: none"> • <u>complied</u> • partially complied • did not comply 	

1.1.2	<p>Procedures for notification of the General Meeting and the provision of materials for it should enable shareholders to properly prepare for participation therein.</p>	<p>1. The notice of the General Meeting of Shareholders was posted (published) on the website at least 30 days prior to the date of the General Meeting.</p> <p>2. The meeting notice specifies the venue of the meeting and the documents required to get access to the premises.</p> <p>3. Access to the information on the individuals who proposed the agenda items and those who nominated candidates to the Board of Directors and the Internal Audit Commission of the Company was provided to shareholders.</p>	<ul style="list-style-type: none"> • <u>complied</u> • partially complied • did not comply 	
1.1.3	<p>During the preparation for, and holding of, the General Meeting, shareholders should be able to freely receive information on a timely basis about the meeting and its materials, to pose questions to members of the Company's executive bodies and Board of Directors, and to communicate with each other.</p>	<p>1. The shareholders were enabled to ask members of the executive bodies and members of the Company's Board of Directors before and during the Annual General Meeting in the reporting period.</p> <p>2. The standpoint of the Board of Directors (including any special opinions included in the minutes) on each agenda item of the General Meetings conducted during the reporting period was included in the materials of the General Meeting of Shareholders.</p>	<ul style="list-style-type: none"> • <u>complied</u> • partially complied • did not comply 	

		3. The Company provided shareholders with the appropriate entitlement with access to the list of individuals eligible to attend the General Meeting, starting from the date of its receipt by the Company, in all cases of holding General Meetings in the reporting period.		
1.1.4	There should be no unjustified difficulties preventing shareholders from exercising their right to request that a General Meeting be convened, to nominate candidates to the company's governing bodies and to place proposals on its agenda.	<p>1. In the reporting period, shareholders were entitled, within not less than 60 days from the end of the respective calendar year, to put forward proposals to be included on the agenda of the Annual General Meeting.</p> <p>2. In the reporting period, the Company did not refuse to accept proposals for the agenda or candidates to the Company's bodies due to misprints or other insignificant defects in a shareholder's proposal.</p>	<ul style="list-style-type: none"> • <u>complied</u> • partially complied • did not comply 	
1.1.5	Each shareholder should be able to freely exercise his/her right to vote in a straightforward and convenient way.	1. The Company's Articles of Association provide for the possibility to complete the electronic voting ballot form on the website, the address of which is specified in the notification of the General Meeting of Shareholders	<ul style="list-style-type: none"> • complied • partially complied • <u>did not comply</u> 	At the end of the reporting year, a new criterion, fundamentally different from the previous one, was introduced, therefore it has not been met (the Company's Articles of Association do not provide for the possibility to complete the electronic voting ballot form on the website). Moreover, it is important to note that the vast majority of the Company's shareholders are serviced by nominee holders (this is with the exception of only 25 shareholders out of 139,000, i.e. less than 0.02%), which allows each of these shareholders to take advantage of remote voting by giving instructions to a nominee

				holder (proxy voting) and thus exercise their voting rights by completing electronic voting ballot forms.
1.1.6	Procedures for holding a General Meeting set by the Company should provide equal opportunity to all persons present at the General Meeting to express their opinions and ask questions that might be of interest to them.	<p>1. When General Meetings of Shareholders are held in the reporting period in the form of a meeting (joint presence of shareholders), sufficient time is envisaged for reports on agenda items and the time to discuss these issues, the shareholders were given the opportunity to express their opinions and ask questions of interest on the agenda.</p> <p>2. Nominees to the Company's governance and supervisory bodies were available to answer shareholders' questions at the meeting where they were voted upon.</p> <p>3. The sole executive body, the person responsible for accounting, the Chairman or other members of the Board of Directors Audit Committee were available to answer shareholders' questions at General Meetings of Shareholders held in the reporting period.</p> <p>4. 1.2	Shareholders are provided with an equitable and fair opportunity to participate in the Company's profits through the payment of dividends.			
1.2.1	The Company should develop and put in place a transparent and clear mechanism for determining the amount of dividends and payment thereof.	<p>1. The Company's dividend policy was developed, approved by the Board of Directors and disclosed on the Company's website.</p> <p>2. If the Company's dividend policy uses criteria from the Company's financial accounts to determine the amount of dividends, the dividend policy shall employ the consolidated financial accounts.</p> <p>3. Rationale for the proposed distribution of net profit, inter alia for the purpose of paying dividends and satisfying the Company's own needs, and assessment of its compliance with the dividend policy adopted by the Company, with explanations and economic justification of the need to allocate a certain portion of the net profit for own needs in the reporting period have been included in the materials for the General Meeting of Shareholders, the agenda of which contains the issue of profit distribution (including the payment (declaration) of dividends)</p>	<ul style="list-style-type: none"> • complied • <u>partially complied</u> • did not comply 	Criteria 1 and 2 are fully met. Criterion 3, introduced for the first time, is not met in terms of absence within the materials for 2021 General Meetings of Shareholders of the explanations and economic justification for the need to allocate a certain portion of the net profit to its own needs. At the same time, the information on the procedure for determining dividends and assessing compliance of their amount with the dividend policy adopted by the Company was presented to the shareholders in the materials for the General Meeting of Shareholders. Beginning in 2022, the Company will supplement the materials for the annual meetings with explanations and economic justification for the need to allocate a certain portion of the net profit to its own needs.

1.2.2	The Company should not make a decision on the payment of dividends if such decision, without formally violating the limits set by the law, is unjustified from an economic perspective or might lead to the formation of false assumptions about the Company's activity.	1. The Company's dividend policy comprises clear-cut indications in relation to the financial/economic circumstances under which no dividends are due to the Company.	<ul style="list-style-type: none"> • <u>complied</u> • partially complied • did not comply 	
1.2.3	The Company should not allow any deterioration of the dividend rights of its existing shareholder.	1. In the reporting period, the Company did not take any steps that impaired existing shareholders' dividend rights.	<ul style="list-style-type: none"> • <u>complied</u> • partially complied • did not comply 	
1.2.4	The Company should strive to rule out any ways through which its shareholders can obtain any profit or gain at the Company's expense other than dividends and the payment of the liquidation value thereof.	1. To eliminate other methods for shareholders to generate profit (income) at the Company's expense, other than dividends and the payment of the liquidation value thereof, the Company's internal documents establish controls that ensure the timely identification and procedure for the approval of transactions with individuals affiliated (related) with substantial shareholders (individuals entitled to the votes attached to voting shares), where the law does not formally recognize such transactions as related-party transactions.	<ul style="list-style-type: none"> • <u>complied</u> • partially complied • did not comply 	
1.3	The system and practices of corporate governance should ensure equal terms and conditions for all shareholders owning shares of the same class (category) within a company, including minority and foreign shareholders, as well as their equal treatment by the Company.			

1.3.1	The Company should create conditions that enable its governing bodies and controlling parties to treat each shareholder fairly and, in particular, that rule out the possibility of any abuse of minority shareholders by majority shareholders.	1. During the reporting period, the procedures for management of potential conflicts of interest among existing shareholders were efficient, and the Board of Directors paid enough attention to conflicts among shareholders, where such existed.	<ul style="list-style-type: none"> • <u>complied</u> • partially complied • did not comply 	
1.3.2	The Company should not perform any acts that will or might result in the artificial reallocation of corporate control therein.	1. 2.1.1	The Board of Directors should be responsible for decisions to appoint and remove (members) of executive bodies, including in connection with their failure to properly perform their duties.	1. The Board of Directors has the powers stipulated in the Articles of Association to appoint and dismiss members of executive bodies, as well as determine the conditions of their contracts.	<ul style="list-style-type: none"> • complied • <u>partially complied</u> • did not comply 	Criterion 1 is partially met, because the Board of Directors appoints and dismisses members of executive bodies from their positions, sets contract terms for the general director, but not for each of the Board

	<p>The Board of Directors should also ensure that the Company's executive bodies act in accordance with an approved development strategy and the Company's main business goals.</p>	<p>2. In the reporting period, the Nomination (Appointment, Human Resources) Committee <sup>3</sup> reviewed the compliance of the professional expertise, skills and experience of the members of the executive bodies with the current and expected needs of the Company, dictated by the Company's approved strategy.</p> <p>3. The Board of Directors reviewed the report(s) of the sole executive body and members of the collegial executive body on the fulfilment of the Company's strategy.</p>		<p>members (and therein lies a partial non-compliance with the criterion). In addition, this distribution of powers appears to be optimal, as the Board of Directors approves the income and expenditure estimates containing the planned remuneration costs for the members of executive bodies, budgetary control report, as well as approves the reports on their execution of key performance indicators, which serve as the basis for the accrual of additional remuneration. In this regard, non-fulfillment of the criterion is not time-limited, and introduction to the Company of the Board of Directors' practice determining the terms of employment contracts with members of the Board other than the General Director is not considered in the current period. Criteria 2 and 3 are fully met.</p>
2.1.2	<p>The Board of Directors should establish the basic long-term objectives of the Company's activity, evaluate and approve its key performance indicators and principal business goals, as well as evaluate and approve its strategy and business plans in respect of its principal areas of operation.</p>	<p>1. The meetings of the Board of Directors reviewed issues related to the above policy(-ies) during the reporting period.</p>	<ul style="list-style-type: none"> • complied • <u>partially complied</u> • did not comply 	<p>Criterion 1 is partially met, as there is no single document regulating payments to the members of the Board of Directors (and this is a partial failure to meet the criterion). However, during the establishment of each composition of the Board, the General Meeting of Shareholders approves the amounts and rules to determine and pay remunerations and compensations to the members of the Board of Directors. Determination of remuneration for executive bodies and executive officers is regulated by a number of internal documents of the Company and is subject to review by the Remunerations and Human Resources Committee of the Board of Directors at least twice a year. The Company believes that this procedure makes it possible to ensure the leadership role of the Board of Directors in determining the principles and rules for calculating and paying remunerations and compensations to both Board members and executive officers. The Company proceeded on the basis that the task of periodical revision of such policy, as specified in the Regulation on the Remunerations and Human Resources Committee of the Board of Directors, implied keeping it up to date with the current needs of the Company. However, during the year 2022, a new revision of the Regulation will be proposed to the Board of Directors with the conditions (events) to revise the policy.</p>
2.8.3	<p>For the purpose of preliminary consideration of any matters relating to human resources planning (making plans regarding successor directors), professional composition and efficiency of the Board of Directors, it is recommended that a nominating committee (a committee on nominations, appointments and human resources) be formed with the majority of its members being independent directors.</p>	<p>1. The Board of Directors established a Nominations Committee (or its objectives specified in Recommendation 186 of the Code are implemented as part of another committee <5>), the majority of whom are independent directors.</p> <p>2. The Company's internal documents determine the objectives of the Nominations Committee (or the relevant committee with a combined functionality), including those contained in Recommendation 186 of the Code.</p>	<ul style="list-style-type: none"> • <u>complied</u> • partially complied • did not comply 	<p>The relevant tasks are carried out by the Remunerations and Human Resources Committee of the Board of Directors, all of which members are independent directors. The tasks of the Remunerations and Human Resources Committee are determined by the Regulation on this Committee approved by the Board of Directors.</p>

		3. In order to establish the Board of Directors that meets the Company's goals and objectives to the fullest extent possible, during the reporting period the Nominations Committee, either independently or together with other committees of the Board of Directors, or the Company's authorized shareholder relations division, has organized interaction with shareholders not necessarily being major shareholders for the purpose of selecting candidates for the Company's Board of Directors.		
2.8.4	Taking account of its scope of activities and levels of related risks, the Company should form other committees of its Board of Directors, particularly a strategy committee, a corporate governance committee, an ethics committee, a risk management committee, a budget committee or a committee on health, security and the environment, etc.	1. In the reporting period, the Company's Board of Directors reviewed the conformity of the membership in its committees to the objectives assigned to the Board of Directors and to the Company's operating goals. Additional committees were either established or were not recognized as necessary.	<ul style="list-style-type: none"> • <u>complied</u> • partially complied • did not comply

The Company's internal documents (policies) contain provisions whereby individuals not included on the Audit Committee, the Nominations Committee and the Remunerations Committee may attend meetings of these committees only upon the invitation of the Chairman of the respective committee.		
2.8.6	The Chairmen of the committees should inform the Board of Directors and its Chairman of the work of their committees on a regular basis.	1. During the reporting period, the Chairmen of the committees reported on the committees' operations to the Board of Directors on a regular basis.	<ul style="list-style-type: none"> • <u>complied</u> • partially complied • did not comply 	
2.9	The Board of Directors should ensure that the quality of its work and that of its committees and Board members is evaluated.			
2.9.1	The evaluation of the quality of the work of the Board of Directors should be aimed at determining how efficiently the Board of Directors, its committees and Board members work and whether their work meets the Company's needs, as well as at making their work more intensive and identifying areas for improvement.	1. The Company's internal documents determine the procedures for assessing (self-assessing) the Board of Directors' performance.	<ul style="list-style-type: none"> • complied • <u>partially complied</u> • did not comply 	Criteria 1 and 3 have been fully met. Criterion 2, formulated in this revision for the first time, is not met as each member of the Board of Directors was not assessed individually in 2021 (for 2020) and 2022 (for 2021). Starting with the assessment of the quality of the Board of Directors' work in 2022, the Company will return to the practice of assessing, <i>inter alia</i> , each member of the Board of Directors individually.
2. The self-assessment or external assessment of the Board of Directors' performance conducted in the reporting period included an assessment of operations of the committees, individual members of the Board of Directors and the entire Board of Directors.				
3. The findings of the selfassessment or external assessment of the Board of Directors in the reporting period were reviewed at the personal meeting of the Board of Directors.				

2.9.2	The quality of the work of the Board of Directors, its committees and Board members should be evaluated on a regular basis, at least once a year. To carry out an independent evaluation of the quality of the work of the Board of Directors, it is recommended that a third-party entity (consultant) be retained on a regular basis, at least once every three years.	1. For an independent quality assessment of the Board of Directors' performance, an external company (advisor) was engaged by the Company at least once in three recent reporting periods.	<ul style="list-style-type: none"> • <u>complied</u> • partially complied • did not comply 	
3.1	The Company's Corporate Secretary shall be responsible for efficient interaction with its shareholders, coordination of the Company's actions designed to protect the rights and interests of its shareholders and support for the efficient work of its Board of Directors.			
3.1.1	The Corporate Secretary should have sufficient knowledge, experience and qualifications for the performance of his/her duties, as well as an impeccable reputation and should enjoy the trust of the shareholders.	1. The Company's website and annual report provide background information on the Corporate Secretary (including information about age, education, qualifications, experience), as well as information on positions in management bodies of other legal entities held by the Corporate Secretary for at least the last five years.	<ul style="list-style-type: none"> • <u>complied</u> • partially complied • did not comply 	
3.1.2	The Corporate Secretary should be sufficiently independent of the Company's executive bodies and be vested with powers and resources required to perform his/her tasks.	1. The Company has adopted and disclosed an internal document – the Regulation on the Corporate Secretary.	<ul style="list-style-type: none"> • <u>complied</u> • partially complied • did not comply 	
2. The Board of Directors approved the appointment, dismissal and additional remuneration of the Corporate Secretary.				

		3. The Company's internal documents stipulate for the right of the Corporate Secretary to request and receive the Company's documents and information from the Company's management bodies, subdivisions and officers.		
4.1	The level of remuneration paid by the Company should be sufficient to enable it to attract, motivate and retain individuals with the required skills and qualifications. Remuneration due to Board members, executive bodies and other key Company managers should be paid in accordance with a remuneration policy approved by the Company.			
4.1.1	It is recommended that the level of remuneration paid by the Company to its Board members, executive bodies and other key managers should be sufficient to motivate them to work efficiently and enable the Company to attract and retain knowledgeable, skilled and duly qualified individuals. The Company should avoid setting the level of remuneration any higher than necessary, and should also avoid excessively large gaps between the level of remuneration of any of the above individuals and that of the Company's employees.	1. The remuneration paid to the members of the Board of Directors, executive bodies and other key executives of the Company is determined based on the results of a comparative analysis of the level of remuneration in comparable companies.	<ul style="list-style-type: none"> • <u>complied</u> • partially complied • did not comply 	

4.1.2	<p>The Company's remuneration policy should be developed by its Remuneration Committee and approved by the Board of Directors. With the help of its Remuneration Committee, the Board of Directors should monitor implementation of, and compliance with, the remuneration policy by the Company and, should this be necessary, review and amend the same.</p>	<p>1. In the reporting period, the Remuneration Committee reviewed the remuneration policy(-ies) and the practice of its/their implementation and, if necessary, submitted the relevant recommendations to the Board of Directors.</p>	<ul style="list-style-type: none"> • complied • <u>partially complied</u> • did not comply 	<p>The criterion is partially met as the remuneration policy as a self-standing document was not subject to review by the Remunerations and Human Resources Committee, and therein lies the partial non-compliance with the criterion. However, the Committee reviewed periodically the reports on the implementation of internal documents regulating the remunerations for executive officers, including the reports on the achievement of key performance indicators, issued recommendations to change the composition and procedure for determining the target values of key performance indicators. The Company believes that the approach used ensures a sufficient level of involvement of the Board of Directors and its Remunerations and Human Resources Committee in the process of creating the incentive system, monitoring its implementation and execution. For this reason, non-fulfillment of the criterion is not time-limited, and development and introduction of a uniform policy (in the form of a separate document) on remuneration and reimbursement of expenses of members of the Board of Directors, executive bodies of the Company and other key executives of the Company are not reviewed in the current period.</p>

4.1.3	The Company's remuneration policy should provide for transparent mechanisms to be used to determine the amount of remuneration due to members of the Board of Directors, the executive bodies and other key Company managers, as well as to regulate any and all types of payments, benefits, and privileges provided to any of the above individuals.	1. The Company's remuneration policy(-ies) contain(s) transparent arrangements on determining the amount of remuneration paid to members of the Board of Directors, executive bodies and other key Company managers and govern(s) all types of fees, benefits and advantages provided to these individuals.	<ul style="list-style-type: none"> • complied • <u>partially complied</u> • did not comply 	The criterion is partially met, as the mechanism of determining the remuneration paid to members of governance bodies and other executive officers is transparent, but it is not indicated in a single document. It is stipulated by a set of internal documents of the Company and resolutions of its governance bodies (and therein lies the partial non-compliance with the criterion). The approach used ensures availability and transparency of information about the remuneration system in the Company for all interested parties. In this regard, failure to meet the criterion is not time-limited, and the development and introduction of a unified policy on remuneration and reimbursement of expenses of members of the Board of Directors, executive bodies of the Company and other key managers of the Company are not considered for the current period.
4.1.4	It is recommended that the Company develop a policy on the reimbursement of expenses that would contain a list of reimbursable expenses and specify service levels provided for members of the Board of Directors, the executive bodies and other key Company managers. Such a policy could form part of the Company's policy on compensation.	1. 4.2.1	<p>A fixed annual fee will be the preferred form of monetary remuneration for Board members. It is not advisable to pay a fee for participation in individual meetings of the Board of Directors or its committees. It is not advisable to use any form of short-term incentives or additional financial incentives in respect of Board members.</p>	<p>1. In the reporting period, the Company paid remuneration to the members of the Board of Directors in accordance with the remuneration policy adopted by the Company.</p> <p>2. In the reporting period, the Company did not apply any forms of short-term incentives or additional financial incentives to the members of the Board of Directors, the payment of which depends on the Company's operating results (performance). If the Company's internal remuneration policy(-ies) envisage(s) the granting of shares to members of the Board of Directors, clear rules for holding shares by members of the Board of Directors, intended to encourage long-term ownership of such shares, should be available and disclosed.</p>	<ul style="list-style-type: none"> • <u>complied</u> • partially complied • did not comply 	

4.2.3	It is not recommended that any additional allowance or compensation be provided in the event of the early dismissal of Board members in connection with a change in control over the Company or other circumstances.	1. The long-term incentive programme for the members of executive bodies and other key Company managers implies that the right to sell the shares and other financial instruments used in this programme will not arise until three years from their provision provided that the right to sell the same is conditional upon the Company's achievement of certain performance indicators.	<ul style="list-style-type: none"> • <u>complied</u> • partially complied • did not comply

The amount of compensation (golden parachute) paid by the Company in case of the early termination of the authority of members of the executive bodies or key managers at the Company's initiative and in the absence of unfair actions on their part did not exceed the amount of twice the fixed portion of their annual remuneration in the reporting period.	<ul style="list-style-type: none"> • <u>complied</u> • partially complied • did not comply 	
5.1	The Company should have in place an efficient risk management and internal control system designed to provide reasonable confidence that the Company's goals will be achieved.			
5.1.1	The Board of Directors should determine the principles of, and approaches to, the creation of the risk management and internal control system at the Company.	1. The Company approved an anti-bribery policy.</p> <p>2. 5.2	To independently evaluate, on a regular basis, the reliability and efficiency of the risk management and internal control system and corporate governance practices, the Company should arrange for internal audits.			

5.2.1	It is recommended that internal audits be carried out by a separate structural division (internal audit department) to be created by the Company or by retaining an independent third-party entity. To ensure the independence of the internal audit department, it should have separate lines of functional and administrative reporting. Functionally, the internal audit department should report to the Board of Directors, while from the administrative standpoint, it should report directly to the company's oneperson executive body.	1.
